

SUMMER PROGRAM 2010

It is going to be summer before you know it, and we are busy making preparations for our summer school program.

We have chosen four themes to enhance our summer time experience: Gardening/Ecology, Dinosaurs, Space/Solar System and Endangered Species. Our classes and field trips will be geared toward each theme at the time we are covering these special topics.

School opens at 7 am. We have devotions every morning from 8:15 – 8:30. Classes start promptly at 8:30. Recess 10 – 10:30. The morning session is over at 12:00.

The afternoon session is from 12:00 – 6:00 p.m. The calendar for the afternoon session is attached.

Parent volunteers are needed to help drive for the great field trips that are lined up. As always, our field trips are very dependent upon parent involvement. If everyone volunteered two times, for the whole summer, we would never have to cancel a trip due to lack of transportation. Parents have always been a great asset to our school and CTCA wants to thank you for such devotion.
